

Ylönen Family Society

December 2011

Dear member of the Ylönen Family Society

We all have roots. And, like the roots of the plants grow into the ground, our roots connect us people to the locations of our ancient home places.

The Ylönen Family Society has advertised several times the DVD showing us the ancient home locations of our families in Finland. Finally, it is ready and you can order the DVD from the Ylönen Family Society. On this DVD the people who have made it, our genealogist Mr. Jarmo Ahlstrand and Mr. Lamppu Laamanen, the person filming the video, want to offer you a virtual tour into the locations of our old home farms and locations.

The DVD has Jarmo's expertise narration and it beautifully shows several home farms in Finland. These include Ylölä farm in Ristiina and Ylölänmäki farm in Kutemajärvi village in Kangasniemi. In addition, the camera has captured scenes in Pieksämäki region including Kylvämäki, Heikkolankangas and Venetmäki. In Hankasalmi community the tour takes you into Suolivesi, Säkinmäki. Virmasniemi and Hankasalmi museum. In Juva community we will visit Remojärvi. All in all there are 11 locations representing all known branches of the Ylönen family.

The DVD comes only in PAL format.
